Professional Summary

Biomedical Engineer & Consultant with over 3 years of experience in healthcare technology and consultancy. Skilled in biomedical equipment installation, calibration, and preventive maintenance, with specialized expertise in oxygen infrastructure projects. Currently serving as Consultant with AMREF Health Africa, supporting medical gas pipeline design, inspections, and staff training. Recognized for strong technical skills, donor-facing communication, and capacity building in healthcare systems.

Core Skills & Competencies

- Biomedical equipment installation, testing & repair
- Medical gas pipeline & oxygen infrastructure systems
- Preventive maintenance (PPM) & troubleshooting
- Donor engagement & technical reporting
- Training & capacity building for staff
- Quality assurance & compliance audits

Key Projects

- Oxygen Infrastructure Consultancy (AMREF, 2025–Present): Technical consultancy on oxygen piping systems, inspections, and donor reporting.
- Hospital Equipment Maintenance (St. Mary's, 2019–2025): Reduced downtime by implementing preventive maintenance in Theatre, ICU, Imaging & Cardiac units.
- Biomedical Equipment Service Program (Mathari Mission, 2014–2016): Established preventive schedules, reducing breakdown response time.

Career Timeline

2025–Present: Consultant, AMREF Health Africa (Oxygen Infrastructure Project) → 2019–2025: Biomedical Technician, St. Mary Mother & Child Missionary Hospital → 2014–2016: Biomedical Technician, Mathari Mission Hospital → 2012–2013: Intern, Thika Level 5 Hospital

Education

Diploma in Biomedical Engineering – Kenya Medical Training College, Eldoret (2010–2013)

Professional Training & Certifications

- First Line Maintenance of Warmtouch Patient Warmer, Nellcor N600X SPO2 Monitor, InVivo 5100C System
- Introduction to Electro Surgery & Maintenance of Valleylab Force FX and Triad systems
- Basic Fire Awareness & Fire Safety Demonstration – Morrisson Fire Protection Ltd.

- Facilities and Maintenance Management Course – Dec 2018
- Certificate in Computer Studies – 2007–2008
