EXECUTIVE SUMMARY

As a dedicated Financial Advisor at Britam Insurance, I specialize in wealth management, insurance solutions, and strategic investment planning. I am passionate about helping individuals and businesses secure their financial future.

Being a results-oriented strategic leader with over 10 years of experience in Credit Management, Credit Risk, and Debt Recovery, gained primarily at Equity Bank. Throughout my time at the bank, I played a key role in managing credit portfolios, improving recovery strategies, and minimizing risk exposure.

At Equity Bank, I led credit control efforts, developed and implemented debt recovery frameworks, and helped reduce non-performing loans while maintaining strong client relationships. I worked closely with internal teams to ensure credit policies were effective, compliant, and aligned with the bank's overall financial goals.

I also have strong experience in Credit Risk Management—from assessing customer creditworthiness and setting credit limits, to identifying early warning signs and proactively mitigating potential risks. My efforts helped safeguard the bank's assets while supporting sustainable business growth.

With a proven track record of delivering results, improving systems, and leading teams, I bring valuable expertise in both credit operations and risk. I'm passionate about driving financial performance, maintaining compliance, and contributing to long-term organizational success.

SKILLS AND COMPETENCIES

- Leadership & Team Management – Skilled at leading, motivating, and collaborating with cross-functional teams to achieve high performance and shared goals.
- Credit Control Strategy – Strong track record in designing and executing credit control strategies that improve collections and reduce credit risk.
- Credit & Risk Management – Deep understanding of credit risk, market risk, liquidity risk, and operational risk, with hands-on experience in identifying, assessing, and mitigating exposure.
- Regulatory Compliance – Well-versed in financial regulations and compliance standards relevant to banks, non-bank financial institutions, parastatals, NGOs, and government bodies.
- Strategic Planning – Experienced in developing and executing long-term financial and operational strategies aligned with business objectives.
- Negotiation & Relationship Management – Skilled in negotiating repayment plans, managing client relationships, and handling debt recovery and restructuring processes.
- Technology & Systems Proficiency – Knowledgeable in using financial systems and data analytics tools to enhance credit processes and operational efficiency.
- Crisis & Problem Management – Able to manage financial crises, handle distressed assets, and implement turnaround strategies.
- Change Management – Adaptable to industry shifts and regulatory changes, with a proactive approach to driving organizational change.

PROFESSIONAL EXPERIENCE:

EQUITY BANK: (Website: <https://equitygroupholdings.com/ke>)

April 2024 to July 2025 Relationship Manager - SME, Nairobi West Branch

Key Responsibilities:

- Build and maintain strong relationships with SME clients to understand their business needs and provide appropriate banking solutions.
- Serve as the primary point of contact for SME customers, ensuring high levels of customer satisfaction and loyalty.
- Identify and pursue new business opportunities within the SME market.
- Grow the SME portfolio through acquisition of new clients and deepening relationships with existing customers.
- Conduct credit appraisals and analyze the financial health of SME clients to support loan applications.
- Promote Equity Bank's full suite of financial products and services tailored to SME clients (e.g., working capital loans, asset financing, trade finance, insurance).
- Identify cross-selling opportunities across the bank's offerings, including digital banking solutions.
- Maintain a healthy loan book by ensuring timely repayments, renewals, and reviews of existing facilities.
- Ensure all activities comply with internal policies, regulatory standards, and audit requirements.

Nov 2014 – April 2024: Credit Risk Analyst (Promoted)

Key Responsibilities:

- Analyze credit data and financial statements of individuals, SMEs, and corporate clients to assess creditworthiness.
- Evaluate loan applications to determine risk levels and make recommendations in line with the bank's risk appetite.
- Conduct in-depth financial analysis, including cash flow projections, ratio analysis, and scenario testing.
- Develop risk models and scoring tools to support objective and data-driven lending decisions.
- Continuously monitor the performance of the loan portfolio, identifying early warning signs of credit deterioration.
- Flag high-risk exposures and recommend appropriate mitigation actions.
- Ensure all credit assessments and decisions align with Equity Bank's credit policies, CBK regulations, and internal risk frameworks.
- Contribute to the periodic review and updating of credit policies and procedures.
- Prepare comprehensive credit risk reports and memos to support credit committees in decision-making.
- Liaise with Relationship Managers and Business Units to clarify risk-related matters in loan proposals.
- Propose appropriate credit structures, collateral requirements, and covenants to minimize potential losses.
- Recommend suitable risk mitigation measures for high-risk clients or sectors.
- Conduct stress testing on credit portfolios to assess impact under adverse market or economic conditions.
- Maintain accurate risk databases and prepare regular reports for senior management, regulators, and audit.
- Work closely with relationship teams, credit officers, and legal teams to ensure sound credit decisions.
- Provide training and guidance to junior staff or business teams on credit risk evaluation and policy adherence.

Oct 2012 – October 2014: Credit Officer (Promoted)

Key Responsibilities:

- Receive and review loan applications from customers (individuals, SMEs, and corporate clients).
- Verify customer documentation and ensure completeness before processing.
- Conduct initial interviews and site visits (for SMEs) to understand the borrower's financial position and repayment capacity.
- Assess creditworthiness through financial analysis, credit history checks, and business evaluations.
- Prepare credit appraisal reports and submit recommendations to the credit committee or approving authority.
- Ensure proposed loan terms are aligned with customer risk profiles and the bank's credit policies.
- Provide guidance to clients on loan products, eligibility criteria, repayment structures, and documentation requirements.
