

ANTONY WEKESA WABUKE

wabuge18@gmail.com | 0706645054 / 0739329538

PROFESSIONAL SUMMARY

I am a result driven mechanical engineer with seven years of experience in maintenance and industrial projects in the steel and fast moving consumer goods (FMCG) industries.

Competent in machine installation and maintenance, as well as knowledgeable about adhering to ISO 9001, ISO 14001, ISO 45001 and Goods Manufacturing Practice (GMP) regulations to increase reliability.

Skilled in using SAP, monitoring key performance metrics including; overall equipment effectiveness (OEE), mean time to repair(MTTR), and mean time between failure(MTBF).

EDUCATION & CERTIFICATIONS

B.Sc. Mechanical Engineering | Technical University of Mombasa | 2012–2018 | Second Class Upper Division

KCSE (A-) | Eshikulu Secondary School | 2007–2011

Professional Registration: **Engineers Board of Kenya** | Reg. No. B18578

CORE COMPETENCIES

- Preventive, corrective and Predictive Maintenance.
 - Compliance with ISO 9001, ISO 14001, ISO 45001 and Good Manufacturing Practice (GMP)
 - KPI Monitoring: Energy Usage, Overall Equipment Effectiveness (OEE), Mean Time to Repair (MTTR) and Mean Time Between failure (MTBF).
 - AutoCAD Design and Bill of Quantity Estimation.
 - Utility management includes cooling towers, diesel generators, boilers, compressors, water treatment.
 - Kaizen Continuous Improvement and Lean Manufacturing.
 - Effective time management and decision-making abilities.
 - Statutory Inspections and Safety Compliance.
 - Proficient with Microsoft Word, Excel, PowerPoint, and basic desktop support.
-

PROFESSIONAL EXPERIENCE

Assistant Production & Maintenance Engineer | K Elec Company Ltd. | *November 2025 - Present*

- Oversee daily assembly line operations to reliably meet production goals.
- Organize workflow and assign work to operators, contractors, and team leaders in an efficient manner.
- Monitored production schedules and maximized resources to fulfill deadlines.
- Improve productivity and efficiency by guiding, educating, and inspiring assembly line workers.
- Inventory control for production and maintenance equipment.
- Create SOPs and make sure technicians and operators follow them.
- Checked the quality for the production material and finished product.

Maintenance Engineer | KAPA Oil Refineries Ltd. | *June 2023 – September 2025*

- Supervised the installation, commissioning, and maintenance of refinery equipment while adhering to safety, GMP, and ISO 9001, ISO 14001 and ISO 45001 regulations.
- Implemented predictive and preventative maintenance procedures to reduce equipment failures.
- Participated in non destructive tests including; visual test and radiographic testing.
- Utility Management: Boilers, Compressors, Cooling Towers, Water Treatment, Diesel generators.

Project & Maintenance Engineer | Abyssinia Iron & Steel Industry | *Dec 2020 – May 2023*

- Installed and commissioned LPG systems, cooling towers, and water softeners for steel production facilities.
- Designed and implemented LPG utility pipe networks.
- Carried out hydro test for LPG tank.
- Performed leakage test for LPG piping
- Coordinated with international teams to install and commission the following plants; annealing and galvanizing machine, continuous casting machine, block mill, wire drawing machine, 30 tons furnace and godown construction.
- Mechanically inspected pipes, fittings, valves, structural steel, and fasteners in accordance with purchase orders.
- Quality checks for concrete structure before machine installation.
- Inspected welding for piping work.

Mechanical Trainer & Maintenance Consultant | Taita Taveta National Polytechnic | *Jan 2019 – Dec 2020*

- Delivered training on HVAC, refrigeration, and mechanical maintenance.
- Developed SOPs and preventive maintenance schedules for institutional facilities.
- Ensured technical operations complied with ISO and safety regulations.

Foundational Engineering Experience | Various Industrial Attachments | *2015 – 2018*

- **Kenya Power & Lighting Company (KPLC):** Carried out vehicle maintenance.
- **Umoja Rubber Products Ltd.:** Conducted preventive maintenance and supported Kaizen initiatives.
- **Agricultural Development Corporation:** Performed engine overhauls, LPG boiler maintenance, refrigeration servicing, and lathe machine operations.
- **New Kenya Cooperative Creameries Ltd:** Carried out maintenance at ghee section, system boilers and refrigeration compressors.

REFEREES

Please feel free to contact the under mentioned in regard to my competence, work, ethics, performance, and/or any other aspect with respect to me.

1. Eng. Nelson Opolo
Electrical engineer
Kapa oils refineries limited
P.O.BOX 918492-00500 Nairobi.
Mobile: 0720076221.

2. Mr. Emmanuel Kaingu
Fabrication supervisor. Abyssinia Iron and Steel Industry
P.O.BOX 97633-80112 Mombasa.
Mobile: 0732708664

3. Mr. Nicholas Kirui
Mechanical engineering trainer
Coast Institute of Technology,
P.O. BOX 34 Voi 80300, Kenya.
Mobile: 0722933028
