INTERNSHIP/WORK EXPERIENCE

Zomba Central Hospital Jan 2023 – May 2023

Biomedical Engineer

- Installing commissioned medical devices and hospital equipment.
- Decommissioning medical devices
- Repairing and maintaining medical devices
- Assisting in projects implemented at the hospital
- Conducting user trainings on medical devices
- Managing workplace safety and health practice standards

PROJECTS EXECUTED

- Remote Monitoring and Control for Diabetic Patients

Completed my final year project on remote monitoring and control solutions for diabetic patients, demonstrating ability to translate technical concepts into practical healthcare benefits for end users. Strong relationship-building and negotiation skills developed through stakeholder interviews and user-focused design.

1
