VIHIGA COUNTY REFERAL HOSPITAL

04th April 2020 – 17th January 2021

VOLUNTEER

The long stay at this facility helped me develop my communication, problem solving, listening networking and teamwork skills , which enhanced our proper coordination with fellow hospital staff with which our relationship is critical to the running of the health care facility.

I understood much of my role as a medical engineer in health care delivery , gained much experience on how to handle medical machines ,troubleshooting , installation and commissioning procedures ,pre operation services done to machines and my daily role on medical machine maintenance

During this period I was filled with passion in medical engineering as I was working to improve my skills and have much experience in medical engineering field which made me happy each day I reported at the hospital

NYERI PROVINCIAL HOSPITAL

03rd July 2021- 22nd December 2021

INDUSTRIAL ATTACHEMENT

an industrial attachment that gave me much exposure to the medical engineering field and health care environment ,this helped me in adding value to the knowledge I heard and providing practical to the art of medical engineering practice

as an attaché I was able to be involved in installation and commissioning of new medical machines and electrical systems , doing the the quarterly and half year preventive maintenance and also the breakdown maintenance

beside the machine hardware handling I also had an opportunity to handle machine documents , inventory handling , manuals , installation guides and repair records which are crucial in machine operations

TRICIA AND FRED LIMITED

05th December 2017– 13th August 2021

SALES PERSON

Acquired sales skills required in business environment

I learned how to interact with the public and adhere to the interest and wants

Inventory taking and management

Time keeping

Resilience , reacting positively to these knock backs is essential

Filled with Entrepreneurial spirit

Understanding how others are feeling and manage both my emotions and their emotions toward me

Enhance my communication skills in marketing field

Made me flexible, open minded and a person who is easy to get along with

Education

KABETE NATIONAL POLYTECHNIC

2022

DIPLOMA IN MEDICAL ENGINEERING

GRADES --CREDIT

ELDORET TECHNICAL

2017

COMPUTER REPAIR AND MAINTENANCE

GRADES -- CREDIT

AC BUTONGE HIGH SCHOOL

2014

GRADES --- C- Minus

Skills

Good in Computer repair and software installation

am flexible and fast learner

I work so hard to ensure am up to date on technical knowledge by research and internet use

I am a good listener with critical reasoning and effective problem solver

I pay much attention on details and structural build up

I am a resilient person and self discipline person

Driving and skillful mortocycle rider

Mathematical Analysis

CAD (Computer Aided Design)

Technical Documentation

Attention to Detail

Problem-Solving

Communication Skills

Quality Assurance

Teamwork and Collaboration

Time Management

Critical Thinking

INTERESTS

Achievement

good and health relationship

desingning and development

ACTIVITIES

Reading books and articles

Playing chase

Gym and work outs

Puzzle solving
