

RONALD KOSGEI

Biomedical Engineer | Clinical Equipment Maintenance | Calibration & Safety Testing
Mtwapa, Kilifi County, Kenya | +254 724 356 759 | kosgeironald542@gmail.com | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Biomedical Engineer with 3+ years of progressive experience in medical equipment technical support, clinical training, and customer engagement. Experienced in ICU, theatre, renal, laboratory, imaging, and dental equipment. Combines strong technical knowledge of healthcare technologies with excellent product demonstration and communication skills to help healthcare providers identify the right solutions for their clinical needs. Committed to building long-term client relationships, delivering exceptional technical support, and ensuring optimal equipment performance.

CORE COMPETENCIES

- Technical Support
- Medical Equipment Sales Support
- Product Demonstration & Technical Presentations
- Clinical User & Technician Training
- Preventive & Corrective Maintenance
- Medical Equipment Calibration
- Medical Technologies & Healthcare Solutions
- Customer Relationship Management
- Electronics & Electromechanical Systems Troubleshooting
- Equipment Inventory Management
- Excellent Communication, Presentation & Problem-Solving

WORK EXPERIENCE

Biomedical Engineer- Technical Support & Training *Nov 2023 – Present*

North Coast Medical Training College & Community Health Promotion Fund, Kilifi

- Train biomedical engineering students through lectures, tutorials, product demonstrations and e-learning.
- Plan and execute PPM, corrective maintenance, and calibration of medical equipment in line with manufacturer guidelines.
- Maintain laboratory and maternity department equipment at the associated Bomani Health Centre.
- Developed an inventory record of tools and equipment, enhancing asset accountability.
- Supervise final-year biomedical engineering projects, guiding students through design, testing, and documentation.
- Coordinate with procurement in the sourcing of medical equipment, electrical and electronic appliances, and spare parts.

Electronics Technician *Apr 2023 – Oct 2023*

Inceptor Kenya, Nairobi

- Carried out board-level diagnostics and repair of electronic control systems and power modules, reinforcing component-level fault-isolation skills directly applicable to medical device maintenance.

Biomedical Engineering Intern

Jan 2022 – Apr 2022

Kenyatta University Teaching, Research & Referral Hospital, Nairobi

- Performed PPM and corrective maintenance on patient monitors, ventilators, and anaesthesia machines in ICU and theatre.
- Conducted routine metric checks (pressure, flow, and purity) on oxygen PSA plants, RO plants, and dialysis machines.
- Repaired and tested digital X-ray, mammogram, and fluoroscopy machines in the radiology department.
- Performed leakage tests and responded to alarms from medical gas pipelines.
- Calibrated theatre and laboratory equipment using Fluke biomedical instruments (ProSim series).
- Contributed to the development of standard operating procedures (SOPs) for medical equipment maintenance.

Biomedical Engineering Intern

Feb 2021 – Apr 2021

A.I.C Kijabe Hospital, Kiambu County

- Conducted daily preventive and corrective maintenance across neonatal, paediatrics, ICU, dental, and medical laboratory departments.
- Performed daily checks of oxygen plant purity, pressure, and compressor oil levels to ensure compliance with operating standards.
- Responded promptly to equipment faults, reducing downtime through structured troubleshooting.
- Updated biomedical engineering inventory records and job cards.

EDUCATION

BSc Biomedical Engineering

Aug 2017 – Jul 2023

Kenyatta University, Nairobi

- Coursework included biomedical instrumentation, medical imaging, healthcare technology management, and medical device design.
- Final year project: designed and fabricated a wireless gait analysis device interfaced with a windows application.

CERTIFICATIONS & PROFESSIONAL MEMBERSHIP

- NEST360 Certification - Neonatal equipment troubleshooting & maintenance: CPAP, phototherapy, radiant warmers, oxygen concentrators.
- Association of Medical Engineering of Kenya (AMEK) - Registration No. M2650.
