

KUTNER IVET ATIENO

Electrical & Electronics Engineer

+254 791 899 689 | +254 700 358 956 • ivykutner@gmail.com • P.O Box 170-90200, Kitui, Kenya
• Languages: English, Kiswahili, Luo

PROFILE SUMMARY

Final-year Electrical and Electronics Engineering student at South Eastern Kenya University, with hands-on industrial experience gained through attachments at Kenya Broadcasting Corporation (KBC) and Kenya Power and Lighting Company (KPLC). Proficient in AutoCAD, MATLAB/SIMULINK, PowerWorld, and C++ programming. Demonstrates strong technical expertise across power systems, digital broadcasting, renewable energy, and microwave technology, combined with proven leadership, documentation, and communication skills. Committed to delivering results — independently or as part of a team.

EDUCATION

BSc, Electrical and Electronics Engineering

South Eastern Kenya University | Kitui, Kenya

Expected Oct 2026

Kenya Certificate of Secondary Education (KCSE) — B+

Lions High School | Kisumu, Kenya

2017 – 2021

Kenya Certificate of Primary Education (KCPE) — B+

Manyatta Primary School | Kisumu, Kenya

2009 – 2016

WORK EXPERIENCE

Electrical Engineering Attaché

Kenya Broadcasting Corporation (KBC) | Nairobi, Kenya

May – Aug 2025

Deployed in the Technical Department, specialising in Digital Video Broadcasting Terrestrial (DVB-T). Gained comprehensive exposure to:

- Operation, maintenance, and management of SIGNET digital Head-end equipment
- Electronic communication systems and Electronic Program Guide (EPG) configuration
- Analog and digital communication systems and transmission lines
- Encoders, multiplexers, microwave, and satellite systems
- Transmitter and antenna systems (Radio and TV)
- Live monitoring and systematic fault troubleshooting

Electrical Engineering Attaché

Kenya Power and Lighting Company (KPLC) | Kisumu, Kenya

May – Jul 2024

Rotated across Operations & Maintenance (O&M), Design & Construction (D&C), and System Control departments. Key activities included:

- Transformer and battery maintenance
- Real-time monitoring of High Voltage (HV) transmission lines using SCADA, including fault identification
- Installation of auto-reclosure circuit breakers
- Setting up new transmission lines, replacing broken conductors, and renewing deteriorated poles
- Observation of live-line team procedures on energised infrastructure

Internal Attachment

South Eastern Kenya University (SEKU) | Kitui, Kenya

May – Jun 2023

- Electrical wiring, installation, and design and testing of electronic circuits
- Application of various motor starting techniques
- Documentation, reporting, collaboration, and teamwork in a laboratory environment

VOLUNTEER EXPERIENCE

Science & Mathematics Teacher (Volunteer)

Lions High School | Kisumu, Kenya

Apr–Aug 2021 & May–Aug 2022

Facilitated teaching of science-related subjects and mathematics to secondary school students during university vacation periods, reinforcing subject mastery and nurturing communication skills.

SKILLS & COMPETENCIES

Technical Skills

- Electrical wiring, installation, and electronic circuit design and testing
- Simulation tools: MATLAB, SIMULINK, PowerWorld, AutoCAD
- Programming: C++ fundamentals
- Renewable energy: solar PV installation and wind energy systems (turbines to grid integration)
- Microwave and antenna technology (attendee, International Microwave and Antennas Symposium 2025)
- SCADA systems for high-voltage network monitoring
- Digital broadcasting: DVB-T, head-end equipment, EPG systems

Professional Skills

- Leadership: served as class prefect (primary), academic prefect (high school), and committee secretary and adviser
- Documentation and reporting: accurate record-keeping and technical report compilation
- Health and safety compliance: knowledgeable in OSHA regulations and safe working practices
- Collaboration: experienced in cross-functional teamwork and knowledge exchange in industrial and academic settings

- Time management, organisational planning, and ability to work independently or within a team

REFEREES

Eng. Benson Ojwang'

*Chair of Department, Electrical, Electronics
& Telecommunication Engineering, SEKU*

Tel: +254 727 427 839

Eng. Peter Musau

*Dean, Electrical, Electronics and Information
Engineering, SEKU*

Tel: +254 727 763 464

Eng. Mwangi Ng'ang'a

Technical Engineer, KBC Nairobi

Tel: +254 728 975 043

Prof. Eng. Christopher Maina

*Project Supervisor & Dean, Electrical and
Electronics Engineering, Murang'a University*

Tel: +254 721 791 736

Evans Bundi

E-Plant Engineer, KPLC Kisumu

Tel: +254 723 340 940

Mrs. Maria Mariba

*Head of Department, Mathematics, Lions
High School, Kisumu*

Tel: +254 720 801 540
