Objective

An astute biomedical engineer possessing excellent critical thinking. Offering 3-year background designing and analyzing solutions for engineering related problems. Polished in adjusting and installing hospital equipments, evaluating safety and calibration. I am a solution-oriented professional certified in medical laboratory equipment installation, repair and maintenance. Also, am a strategic supervisor with expertise prioritizing projects, planning workflow and managing employees to achieve operational goals. In addition, am a diplomatic individual with strong leadership and decision-making skills. Respectful and charming in relating to people of all religious, economic and cultural backgrounds.

Skills & abilities

Proficient in a range of medical equipments, with experience in Fault Diagnosis & Troubleshooting (Electrical, Mechanical & Electronic Systems), medical Device Calibration & Safety Testing, equipment User Training & Technical Support Workshop & Field-Based Equipment Repair, hospital Equipment Evaluation & Lifecycle Management, technical Documentation & Reporting (Service Logs, PPM Checklists), healthcare Standards Compliance (KEBS, ISO, MOH Guidelines), GSM & IoT Integration for Medical Systems Monitoring, AutoCAD & LabVIEW for Biomedical System Simulation, medical Gases, Suction, and Ventilation Systems Maintenance. In conclusion, I am competent in team Leadership in Biomedical Projects & Engineering Supervision and also possess interpersonal Communication with Clinical and Technical Staff

Experience

THIKA LEVEL 5 HOSPITAL.

Biomedical Engineer | June 2024 – current

- Performed preventive maintenance and emergency repairs on medical equipment across departments including ICU, Theatre, Maternity, Laboratory, and Wards to ensure continuous clinical operations.
- Maintained and troubleshot critical care devices such as ventilators, patient monitors, infusion pumps, and defibrillators to support safe patient management.
- Conducted calibration, performance verification, and electrical safety testing of biomedical equipment in compliance with hospital standards and regulatory requirements.
- Installed, commissioned, and maintained new medical equipment while providing user training to clinical staff on proper operation and basic troubleshooting.
- Maintained accurate service records, maintenance schedules, and inventory systems to improve equipment reliability and reduce downtime.

DLA SCIENTIFIC LTD

Field service technician | July 2023 – May 2024

- Reviewed technical documentation to complete equipment maintenance and repair.
-

- Completed partial or full dismantling of equipment to quickly repair or replace defective components and restore functionality.
- Provided technical support to troubleshoot, repair and maintain operational efficiencies in hydraulic, mechanical, and electrical systems.
- Installed new equipment and explained operation and routine maintenance protocols to customers.
- Managed on-site and off-site installation, repair, maintenance, and test tasks.
- Operated hand tools and power equipment according to company safety procedures.

MILELE AFRICA INSTITUTE OF DEVELOPMENT AND TECHNOLOGY

Assistant lecturer | May 2022 – June 2023

- Evaluated and revised lesson plans and course content to achieve student-centered learning.
- Created and designed quizzes, tests and projects to assess student knowledge.
- Evaluated and supervised student activities and performance levels to provide reports on academic progress.

KENYATTA NATIONAL HOSPITAL

Intern Biomedical Engineer | January 2022 – April 2022

- Assisted with installation, calibration and testing of engineering systems.
- Set up, calibrated and operated medical and clinical equipments.
- Performed maintenance procedures and repairs on existing electrical products and systems.

MACHAKOS LEVEL 5 HOSPITAL

Attaché Biomedical Engineer | January 2021 – April 2021

- Maintained strict adherence to workshop and workplace guidelines and regulations, verifying safety and protective procedures.
- Utilized extensive background knowledge and expertise in engineering methodologies to solve engineering problems according to schedule.
- Identified issues and faults, analyzed information and provided solutions to problems.

TECHNICAL UNIVERSITY OF MOMBASA

Mombasa, KE | BSC in Medical Engineering

Earned a second-class honor (upper division) on the 20th day of July in the year 2023 having been completed relevant coursework in bachelors of science in medical engineering.

AA DRIVING SCHOOL

Machakos, KE | Class BCE driving license

Earned Attained a class BCE Driving license. Authorized by NTSA to drive Commercial Vehicles exceeding 4000 lb. Tare weight, motor cars & Commercial vehicles not exceeding 4000 lb. Tare weight and Heavy Commercial Vehicles.

KYANGULI MEMORIAL SECONDARY SCHOOL

Machakos, KE | Kenya Certificate of Secondary Education

Attained a B+ of 67 points. During my tenure in Kyanguli, I was elected to KMSS Students Union as the School Captain in the year 2016. I was also an active member of Christian Union and acted as the chairperson on the Academic year 2014. In addition, I was a member of the Table Tennis.

KYUMBI PRIMARY SCHOOL

Machakos, KE | Kenya Certificate of Primary Education

Attained 346 marks out of 500 marks. During my tenure in primary school level, I acted as The School Head boy in the year 2012. In addition, I also an active member of Drama Club, 4K Club and Scouts Club. In conclusion, I acted as the games captain in the year 2010.

Communication

Excellent communication skills enable me to collaborate with clients, stakeholders, and cross-functional teams to deliver high-quality results.

Leadership

Mentor junior engineers in making, was the school head boy in my primary level also elected as the school captain, Kyanguli Memorial Secondary School in the year 2016. Elected as the chairperson of PPYG and Secretary of Hope Group, both CBOs from 2018 and 2019 respectively up to date. At Technical University of Mombasa, I was elected as the secretary General Technical University of Mombasa Student Association (TUMSA) on the Academic year 2019/2020. In addition, I coordinate project tasks, and implement best practices to ensure timely delivery of any assigned task.
