

# CURRICULUM VITAE

**Name:** FAITH JEROTICH MAIYO

**Address:** P. O.Box 3160–30100,  
ELDORET.

**Email:** [faithmaiyo97@gmail.com](mailto:faithmaiyo97@gmail.com)

**Cell phone** +254 710261106

## PERSONAL INFORMATION

Date of birth : 1st July 1997

Gender : Female

Nationality : Kenyan

Languages : English, Swahili and Kalenjin

## PERSONAL PROFILE

A professional, industrious and self-motivated individual who is up to date with information technology, and emerging trends. I possess technical skills and knowledge in biomedical engineering. I am an excellent team player, committed to integrity whilst having great interpersonal and problem solving skills. I am able to work under minimum or no supervision and have great verbal communication and leadership skills.

## CAREER OBJECTIVES

To establish a rewarding career in the field of biomedical engineering through opening up to new knowledge while applying the gained knowledge and skills in field work and towards becoming an important organizational and national human resource.

## WORK EXPERIENCE

**February 2023 - present:** Living Room International Hospital.

**Position:** Biomedical Engineering Technologist III - Locum basis

### Duties and responsibilities

Includes but not limited to:-

Supporting patient diagnosis and treatment by installing, testing, calibrating and maintaining biomedical equipments and

machines.

Diagnosing defective medical equipment and implemented repairs and maintenance in different departments and settings.

**OTHER  
PRACTICAL  
WORK  
EXPERIENCE**

Approving new equipments by conducting tests and ensuring adherence to codes and making modifications.

Training users and maintaining safe operations on biomedical machines and equipment.

Applying knowledge and skills on all applicable codes and standards, and using monitoring tools to monitor and maintain medical equipment in accordance to manufacturer's instructions and contractor's schedules.

Keeping accurate records of all maintenance activities performed on assigned biomedical equipment and machines, and updating departmental database on the completed and next service dates promptly.

Ensuring urgent devices correction and equipment recalls are acted upon in a timely manner to ensure safety of patients, visitors and staff.

Maintaining and updating detailed database of all the organizations' medical equipment and their information systems.

Monitoring incoming work orders and prioritizing work based on criticality and accurately documenting all work in departmental computerized maintenance management system.

Coordinating with ICT departments to ensure automation of all medical records, analysis and reports to ensure efficacy.

**November 2021-Dec 2021:** Alexandria Cancer Center-Eldoret

**Position:** Practical Attachment

**Duties and responsibilities :**

Includes but not limited to:-

Demonstrating correct set-up, calibration, corrective repair and configuration, and operating patient care equipment as required.

Ensuring medical equipments involved in or suspected to cause adverse patient interaction is processed and corrected

immediately.

Repair, maintenance and calibrating life support and other critical medical equipment and systems across all the departments.

Assist in evaluating safety, efficiency and effectiveness of all bio-medical equipment's

Help with designing and delivering technological assistance to people living with disabilities, people in palliative care and other vulnerable patients as required.

Participated in repairing and reporting proposed and planned preventive maintenance schedules on machines, apparatuses and equipment.

**February2019-March2019:**Reale Hospital - Eldoret.

**Position:** Biomedical Equipment Technician - Attachee

**Duties and responsibilities**

Includes but not limited to:-

### Maintaining biomedical equipment supplies

inventory by checking stock anticipating needs; placing and expediting orders, verifying receipt.

Approval of new biomedical equipment by conducting tests, ensuring adherence to codes, making modifications.

Installation of new biomedical equipment by establishing, adjusting calibrating and testing performance.

Evaluating the safety and efficiency and effectiveness of biomedical equipment.

Maintenance of biomedical equipment by completing preventive maintenance schedules; conducting tests, following manufacturer's instructions trouble shooting and repairing malfunctions, calling for special service, evaluating service contracts, maintaining equipment inventors.

Attending cme's and short training sessions to obtain required credentials and enhance service delivery.

**June 2018 -August 2018:**Moi Teaching and Referral Hospital

**Position:** Medical Engineering Student Attachee

## **Areas covered, knowledge and skills gained;**

Directorate of medicine and pediatrics-Oncology  
equipment, dialysis equipment and incubators  
among others.

Directorate of Administration-Refrigeration and air conditioning system,Kitchen and laundry machines.

Directorate of income generating-General Repair of equipment such as BP machines, Suction machine, monitors, weighting scales among others.

Directorate of Reproductive Health-Repair and maintenance of infant incubators, monitors, neonates' ventilators(NICU) among others.

Directorate of diagnostic-General and maintenance laboratory equipment, X-ray machine and dental equipment.

Directorate of surgery–Repair and maintenance of Theatre equipment e.g. theatre lights, operating table, anesthetic machines, surgical diathermy and ICU machines.

Preparing and writing of planned preventive maintenance schedules.

Providing outstanding customer service,contacting departmental heads and providing device repair statuses and estimated time of return.

## EDUCATION

BACKGROUND **June 2024 : Association of Medical Engineering Technologists of Kenya**

(AMETEK)

**Detail of Award:** Registration and Licensing.

**Overall award:** Pass

**Sept.2019–Nov.2022:Kenya Medical Training College**

Detail of award: Diploma in Biomedical Engineering

Overall award: Pass

**September 2017-July 2018:Kenya Medical Training College**

Detail of Award:Certificate in Biomedical Engineering  
Overall award : Pass

**2013 - 2016:** Immaculate Heart Juniorate Secondary School  
Kenya Certificate of Secondary Education  
(K.C.S.E.)Grade: C (Plain).

**2005–2012:**Kipsinende Primary School  
Kenya Certificate for primary Education (K.C.P.E)  
Marks: 313/500

**RESEARCH  
ATTRIBUTES**

Excellent technical reporting and writing skills.

Brilliant communication and interpersonal skills

Trouble shooting and Problem solving skills

Computer proficiency(Ms.Word,PowerPoint,Excel and e-mail  
/ internet)

**EXECUTIVE  
SUMMARY**

Am very adaptive, flexible and can easily adapt to any working environment and use my skills and abilities to achieve the objective at hand and make an impact.

**REFEREES**

Mr.Robinson Kisiangani,

HOD Medical Engineering Department,  
KMTC Loitokitok Campus,
