PROFESSIONAL SUMMARY

Sales-oriented professional with hands-on experience in **high-volume client interaction, structured follow-ups, and service accountability** gained at **Milimani Law Courts**. Among other technical skills I supported daily clients inquiries, maintained accurate system records, and coordinated issue resolution in a time-sensitive environment. With the Education gained at Catholic University of Eastern Africa, in **Information Technology**, I gained skills such as enabling a data-driven approach to tracking interactions, managing information flows, and supporting performance-focused business operations.

PROFESSIONAL EXPERIENCE

Milimani Law Courts – Nairobi, Kenya - 2024

Client Support & Operations Assistant among other Technical positions taken part in as an Attache

- Handled an **average of 40–70 in-person and phone-based inquiries per day** from court users, ensuring accurate information delivery and professional service.
- Logged, tracked, and followed up on **100+ service requests and case-related inquiries weekly**, ensuring proper documentation and closure.
- Coordinated with **multiple internal registries and departments** to resolve issues within required timelines, reducing repeat inquiries.
- Maintained structured records and summaries used for **daily operational reference and periodic reporting**.
- Supported resolution of sensitive or escalated matters by applying clear communication, discretion, and procedural accuracy.

Sales & Business Development Relevance:

- High-volume client interaction → customer engagement discipline
- Structured follow-ups → pipeline-style tracking
- Closure accountability → results-oriented execution
