The Human Resources Manager

Accord Medical Supplies Ltd

RE: Application for the Position of Technical Sales Engineer

Dear Hiring Manager,

When I came across Accord Medical Supplies' opening for a Technical Sales Engineer, I did not just see a job advertisement but I saw a description of what I have been preparing to do.

I hold a BSc in Medical Engineering from the Technical University of Mombasa (Second Class Honors, Upper Division), and I have accumulated hands-on clinical experience across Sayyid Fatimah Hospital, Likoni Sub-County Hospital, and Kilifi County Referral Hospital. In these environments, I did not merely maintain equipment but I regularly interfaced with clinical staff to diagnose device concerns, explain technical solutions in plain language, and ensure equipment met their operational needs. This advisory dynamic is, at its core, what technical sales requires.

What I bring to this role is a rare combination: the technical credibility to walk into a clinical procurement conversation with authority, and the communication and relationship-building instincts to make that conversation productive. I am self-motivated, results-oriented, and genuinely passionate about helping healthcare facilities access the right technologies for their patients. I am also willing to travel and develop new territories, understanding that market expansion is central to your growth strategy.

I would welcome the opportunity to discuss how my background aligns with your team's goals. Thank you for considering my application.

Yours sincerely,

Amos Muriuki Thuranira

CAREER PROFILE SUMMARY

Results-driven Medical Engineering graduate with hands-on experience in biomedical equipment maintenance, clinical technical support, and customer-facing roles in healthcare settings. Proven ability to translate complex technical specifications into client-focused solutions, conduct product demonstrations, and build trusted relationships with hospital and clinical procurement teams. Adept at identifying customer requirements, recommending suitable medical equipment, and delivering after-sales technical support. Eager to drive sales growth and market expansion by leveraging deep knowledge of healthcare technologies, diagnostic devices, and therapeutic equipment.

EDUCATION BACKGROUND

- **Bachelor of Science in Medical Engineering** - Technical University of Mombasa, Mombasa, Kenya, Sep 2020 - May 2025.
- **Kenya Certificate of Secondary Education** - St Augustine Sirima Sec School, Kenya, Jan 2016 - Nov 2019
Grade attained: B+

KEY SKILLS AND COMPETENCIES ACQUIRED

- Medical equipment sales and technical consultancy
- Product presentation and client demonstrations
- Biomedical device troubleshooting & calibration
- Customer needs assessment and solution positioning
- After-sales support & preventive maintenance
- Communication Skills: Capable of explaining complex technical information in clear and understandable terms.
- Problem-Solving: Proficient in diagnosing faults and implementing effective solutions.
- Client and Team Collaboration: Experienced in working with hospital teams to ensure seamless equipment operations.
- Attention to Detail: Strong focus on accuracy and quality assurance in equipment maintenance.

WORK HISTORY

Freelance Engineer

Self-employed - Mombasa, Kenya, Dec 2025 - Present

Duties and Responsibilities:

- Identified new business opportunities among private healthcare facilities, sourced components, and assembled bespoke solutions aligned with client budgets and clinical needs.
- Repair and servicing of medical equipment including diagnostic and therapeutic devices.
- Conducting preventive maintenance to ensure reliability and safety of systems.
- Providing technical support and consultation to healthcare facilities and private clients.
- Sourcing, assembling, and testing components for biomedical and electrical projects.

Medical Engineering intern

Likoni Sub-county Hospital - Mombasa, Kenya, Aug 2025 - Nov 2025

Duties and Responsibilities:

- Conducted routine checks and diagnostics on medical equipment to ensure optimal performance.
- Performed repair and troubleshooting tasks under supervision.
- Assisted in installing new medical devices and ensured proper calibration.
- Maintained comprehensive records of maintenance and repair activities.
- Collaborated with hospital staff to ensure seamless operations of medical machinery.

Industrial Attaché

Sayyid Fatimah hospital - Mombasa, Kenya, Sep 2024 - Dec 2024

Duties and Responsibilities:

- Conducted routine maintenance and calibration of medical equipment to ensure optimal functionality.
- Assisted in diagnosing and troubleshooting technical faults in medical devices.
- Participated in the installation and commissioning of new biomedical equipment.
- Collaborated with medical staff to address equipment-related concerns effectively.
- Maintained detailed records of equipment performance, repairs, and servicing schedules.

Industrial Attaché

Kilifi County Referral Hospital - Kilifi, Kenya, Oct 2023 - Dec 2023

Duties and Responsibilities:

- Conducted routine checks and diagnostics on medical equipment to ensure optimal performance.
- Performed repair and troubleshooting tasks under supervision.
- Assisted in installing new medical devices and ensured proper calibration.
- Maintained comprehensive records of maintenance and repair activities.
- Collaborated with hospital staff to ensure seamless operations of medical machinery.

PERSONAL INTERESTS

- **Innovation in Healthcare Technology:** Passionate about developing cost-effective medical devices.
- **Research and Development:** Interest in exploring new technologies for improving healthcare systems.
- **Networking:** Building strong professional relationships within the engineering and healthcare fields.
