

KARU JAMES NJUGUNA

Po. Box 10010 Nyeri,

Cell: 0719293414

Email: Karu8090@gmail.com

PROFILE

I am an efficient and proficient biomedical engineer responsible for ensuring proper functioning, safety and sound condition of all medical equipment in the Hospital and that they are in optimum working condition and available for use at all times. I am an enthusiastic, self-motivated, reliable, responsible and hard-working person. I am a mature team worker and adaptable to all challenging situations. I am able to work well both in a team environment as well as using own initiative. I am able to work well under pressure and adhere to strict deadlines.

PERSONAL PROFILE

Date of Birth: 08 June 2002

Nationality: Kenyan

Known Languages: English, Swahili

EDUCATION

THE NYERI NATIONAL POLY

Diploma in Biomedical Engineering

2022-2025

ANESTAR HIGH SCHOOL

Kenya Certificate of Secondary Education (KCSE)

2017-2020

ANESTAR ACADEMY

Kenya Certificate of Primary Education (KCPE)

2008-2016

WORK EXPERIENCE

Rotations (Consolata Mathari Hospital) (Jan 2023-Oct 2023)

During the rotation I was able to cover.

- Gained an overview of biomedical engineering roles and responsibilities
- Learned the basic working principles of common medical equipment
- Observed preventive maintenance and calibration procedures
- Understood safety regulations and quality control measures

- Assisted in basic troubleshooting of biomedical devices
- Became familiar with hospital biomedical systems and workflows
- Developed awareness of clinical engineering practices and documentation

Practical attachments (AIC KIJABE HOSPITAL) (Sep 2024-Dec 2024)

During the attachment I was able to cover.

- Division of medicine and pediatrics-oncology equipment, dialysis equipment and incubators.
- Division of administration-refrigeration and air conditioning.
- Division of reproductive health-Repair and maintenance of infant incubators, motors, neonates' ventilators (NICU).
- Division of surgery –repair and maintenance of theater equipment E.g. Theater operating tables, theater lights, anesthetic machine, surgical diathermy and ICU machines.

JOB AT AIC KIJABE (Sep 2025- Up to Date)

- Division of medicine and pediatrics-oncology equipment, dialysis equipment and incubators.
- Division of administration-refrigeration and air conditioning.
- Division of reproductive health-Repair and maintenance of infant incubators, motors, neonates' ventilators (NICU).
- Division of surgery –repair and maintenance of theater equipment E.g. Theater operating tables, theater lights, anesthetic machine, surgical diathermy and ICU machines.

GENERAL SKILLS

Excellent organizational skills and excellent (written and oral) communication skills Flexibility and adaptability and excellent knowledge of current trends, systems and practices Highly computer literate with good interpersonal skills and good leadership skills Good analytical and problem-solving skills ;Self-driven leader with strong networking, motivation and team building skills Achievement orientated, innovative, assertive, strategic thinker Ability to understand complex situations and analyze systematically to reach solutions and able to remain calm under

pressure and problem solve accordingly Proficiency in Word, Excel and PowerPoint

INTERESTS

Trending current affairs globally, Socializing

Travelling

Reading journals and publications.
