PROFESSIONAL SUMMARY

A highly motivated Biomedical Engineer with hands-on experience in installation, maintenance, troubleshooting, and repair of technical equipment in demanding operational environments. Skilled in preventive maintenance, equipment diagnostics, process monitoring, safety compliance, and technical reporting. I have experience in collaborating with multidisciplinary teams to improve operational efficiency, enhance equipment reliability, and support continuous process improvement. I am dedicated to applying engineering knowledge and problem-solving skills to optimize industrial systems and achieve organizational goals.

PROFESSIONAL AMBITION

To serve a dynamic career where there is a room for maximum utilization of my potential and abilities with unlimited goal setting.

EDUCATION BACKGROUND

Sept 2020 – Nov 2025 : **Technical University of Mombasa**

Bachelor of Science in Medical Engineering

Second Class Honours (Upper Division)

Jan 2016 – Nov 2019 : **Mary Mother of Grace Boys Sec. School**

Grade attained B+

Jan 2008 - Nov 2015 : **Kiheo Primary School**

Marks attained 372

WORK EXPERIENCE

March 2026- Present – **Pope Benedict XVI Catholic Hospital**

Position: Intern Biomedical Engineer

Roles and responsibilities

- Installing and commissioning of new equipment
- Fault diagnostic and repair of medical equipment to minimize downtime
- Performing planned preventive maintenance (PPM) on medical equipment to ensure optimal performance
- Conducting performance verification and electrical safety checks
- Maintain service record and equipment documentation
- Working with technicians and clinical staff to resolve equipment issues

October 2025- February 2026 – **Faraji Agrovets**

Position: Agrovets Assistant

Roles and responsibilities

- Managed inventory of medical and veterinary supplies ensuring proper storage and stock availability
- Monitored stock levels and maintained accurate records to prevent shortages and wastage
- Handled customer service and provided product guidance to improve client satisfaction
- Handled transactions and maintained daily sales and operational records
- Supported smooth daily shop operations and order coordination

Sept 2024-Dec 2024 – **Kenyatta University Teaching Research and Referral Hospital**

Position: Industrial Attachment

Roles and responsibilities

- Calibrated and tested medical equipment such Patient monitor, centrifuge, Ultrasound.
- Monitored and serviced the medical gases plant
- Assisted in installation and commissioning of new medical equipment.
- Performing and recording daily routine checks on equipment such as Anesthesia, dialysis, Baby Incubator and Ventilator machine.
- Conducted fault diagnostic and repair of biomedical equipment.

Sept 2023- Dec 2023- **AIC Kijabe Hospital**

Position: Industrial Attachment

Roles and responsibilities

- Took part in the installation of medical oxygen plant.
- Servicing of medical equipment's
- Performing planned preventive maintenance on medical equipment
- Assisted in assembling of medical equipment
- Carried out regular routine maintenance of medical equipment

Sept 2022 – Nov 2022 – **Technical University of Mombasa**

Position: Industrial Attachment

Roles and responsibilities

- Maintained records and documentation of technical activities
- Serviced medical equipment
- Supported electrical installation

PROFESSIONAL DEVELOPMENT

2024/2025 : **Flukes Advantage training**

Certificate of using QA-ES III electro surgery unit analyzer,
ESA615 and Introduction to Prosim 8

Sept 2024- Dec 2024 : **Kenyatta university teaching, research and referral hospital**

Head of attaches

OTHER EXPERIENCE

Dec 2025/ Jan 2026 : **St Luis Igwamiti Church**

Youth seminar Facilitator

04//09/2020 : **GATHANJI EMPOWERMENT CENTER**

Computer packages

ADDITIONAL SKILLS

- ❖ Strong coordination and teamwork abilities
- ❖ Ability to work and meet quality standards
- ❖ Proteus simulation
- ❖ Basic data analysis using python (NumPy, Pandas, Matplotlib)
- ❖ Well-developed communication skills.
- ❖ Inventory and stock management

REFEREES

Mr. Jacob Eugene

HOD Bio-med

Pope Benedict XVI Hospital

Tel: 0707745721

Email: jacobeeugene7@gmail.com

Eng. Chuani Anthony

HOD Bio-med

Kenya University Teaching Referral and Research Hospital

Tel: 0722780359

Email: tonychuani@yahoo.com

Mr. Jesse Kipkurgat Biwott

Biomedical Engineering Manager

AIC Kijabe Hospital

Tel: 0727877607

Email: jessebiwott.jb@gmail.com
