SUMMARY

Highly adaptable and detail-oriented professional with a strong foundation in Electrical Systems including Biomedical electrical systems and automation, transitioning into biomedical engineering. Proven expertise in troubleshooting complex systems, ensuring regulatory compliance, and optimizing workflows. Technically proficient in data-driven diagnostics,system calibrations,AutoCAD, MATLab, Excel, technical reporting, and systems maintenance. Eager to leverage hands-on technical skills to optimize medical electrical equipment performance, ensure reliability and support healthcare engineering teams.

SKILLS

- Equipment Calibration & Maintenance.
- Preventive Maintenance (PM)
- Electrical Troubleshooting & Diagnostics
- Communication skills
- Team player
- Flexibility
- Goal oriented
- Machine operator skills
- Creative thinking
- Technical documentation and reporting
- Computer proficiency
- Basic coding knowledge
- Organizational skills

EXPERIENCE

Biomedical Engineering Intern

The Nairobi Hospital -Nairobi, Kenya

June 2025 – July 2025

- Assisted in preventive maintenance and servicing of medical equipment within the engineering department
- Maintained and updated technical service records and equipment documentation.
- Coordinated with procurement and stores departments to verify delivery and movement of supplies and equipment.
- Supported troubleshooting activities and ensured timely response to technical issues.
- Worked effectively in a fast-paced environment while adhering to safety and operational procedures.

Industrial Attachment - Biomedical Engineering Department

Kenyatta University Teaching and Referral Hospital

May 2024 – August 2024

- Supported routine inspection, maintenance, and monitoring of medical equipment.
- Managed maintenance logs and technical documentation with high accuracy.
- Assisted in inventory tracking of spare parts, tools, and engineering supplies.
- Collaborated with different departments to schedule equipment servicing and reduce downtime.
- Applied analytical and problem-solving skills in resolving technical and operational issues.

EDUCATION

Technical University of Mombasa - Mombasa, 2026

Bachelor of Science in Medical Engineering

Computer Packages - Online Training

St Joseph's Girls High School - Kitale, Trans Nzoia, 2020

KCSE -Grade B+, (73 Points)

Lukhuna Primary School - 2016

KCPE : A-, 376 Marks

COMMUNITY SERVICE

- **Lit Camp 2026, Mombasa.**

Community service for female kids, offering them Educational and mentorship, skills-sharing sessions, Fundraising and donation drives, Advocacy, and awareness campaigns.

HOBBIES AND INTERESTS

- Programming
- Data science and cyber security
- Music and dancing
- Hiking
- Art (Drawing)
- Acting
- Music and Dancing
