To Whom It May Concern

Dear Sir/Madam,

RE: RECOMMENDATION LETTER

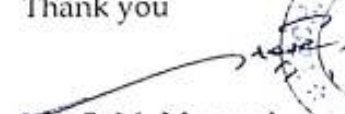

This is to confirm that WAFULA DAVID WACHEMBA St. No. BTMD/180J/2019 and ID/No.36920319 was a student of Technical University of Mombasa Mombasa in the Department of Medical Engineering. He studied a Bachelor of Technology Medical Engineering course and he has completed his studies.

DAVID, studied the program on fulltime which was integrated with theoretical and practical as well as three semester supervised attachments totaling to a minimum of (24 weeks.) supervised attachment.

He has exhibited the character of a true scholar that this department recommends him as industrious, ambitious, faster learner and overall good hand skills oriented person ready to work in dynamic and any challenging environment with or no supervision. He is awaiting for graduation and the final certificate.

Any assistance accorded to the bearer will be appreciated and any additional information required regarding the bearer and the programme shall be provided.

Thank you

Mr. S. M. Mwangi
Chairman - Dept. Medical Engineering.

**RE: RECOMMENDATION FOR WAFULA DAVID WACHEMBA ADM.
NO. BTMD/180J/2019**

This is to confirm that the above-named student has been on attachment in this institution from 10th January 2022, to 25th March 2022 in the Medical Engineering Department.

During his stay, he covered the following areas:

1. Installation, repair and maintenance of medical equipments.
2. Repair of electrical and electronics equipments.
3. Electrical wiring and installations.
4. Hospital plants and systems.
5. Refrigeration and Air Conditioning (Cold Rooms and Refrigerators)
6. ICU, Renal and Theatre equipments among others.

He showcased great communication skills, working with minimal supervision, honest, always eager to learn, team player and hardworking.

We wish him well in his future endeavours.

Thank you.

TO WHOM IT MAY CONCERN

RE: WAFULA DAVID WACHEMBA, IDNO: 36920319.

The above-named person pursuing Medical Engineering course from Technical University of Mombasa has been in our institution, department of Medical Engineering between 19th January 2023 to 31st March 2023 for his practical attachment.

During his attachment he covers as follows:

- Checking daily the levels of oxygen at the plant and ensure that there is enough oxygen for the day.
- Checking for any leakages at the manifold and oxygen piping and attend to any leakages immediately.
- Checking and ensure that all patients' flow meters are in good working condition.
- Ensuring that we have enough flow meters as required.
- Cleaning of the flow meters (or whenever necessary).
- Making a ward round and ensure that all electrical equipment is in good order.
- Ensuring that compressor machine is bled on a daily basis and gauge checked to be above 40 psi.
- Checking the generator and ensure that it has enough fuel
- Checking the voltage in from the Kenya power line and the output load. All the 3 phases must have the required voltage range.
- Updating on bin cards on all the electrical appliances and spares collected from the general stores.
- Advising and training of new developments in the bio med field and any other duties assigne by the supervisor.

He proved to be dedicated, hardworking and aptitude for quick learning and co-operative with people at all levels.

He distinguished himself as a committed member of the hospital team and was diligent and ready to work that extra mile. He has the right skills, attitude and knowledge to work in a deadline driven environment that values quality service.

We recommend her to any prospective employer and wish her the best in her future endeavors.

Yours faithfully,

Mussa A. Mohamed
