

MALOBA WAFULA INNOCENT

malobainnocent51@gmail.com | +254 714 259 924 | P.O. Box 90420-80100,
Mombasa, Kenya

PROFILE

A highly motivated, committed Biomedical Engineering Graduate, equally to task presently looking for a technical sales engineering role with your organization.

PERSONAL DETAILS

DOB : 11th November 2000

Nationality : Kenyan

ID No. : 39034072

Marital Status : Single

Religion : Christian

TECHNICAL SKILLS

- Calibration
- Fault diagnosis
- Repair and servicing
- PPM

EDUCATION

B.Sc. Medical Engineering

Technical University of Mombasa 2020 – 2025

KCSE

St. Peter's Mumias Boys High School 2016 – 2019

KCPE

Buduma Primary School 2008 – 2015

CORE COMPETENCIES

- Biomedical device calibration
- Equipment troubleshooting & repair
- Time management & policy compliance

- Clinical staff training (CME)
- Cross-functional teamwork
- Technical report writing

INDUSTRIAL ATTACHMENT EXPERIENCE

Biomedical Engineering Intern

Kenyatta University Teaching, Referral & Research Hospital (KUTTRH) · Nairobi

September – December 2024

- Performed calibration of patient and vital sign monitors across wards and clinics, ensuring compliance with operational standards.
- Carried out fault diagnosis and repair of medical equipment in wards, CSSD, and laboratory sections to maintain operational efficiency.
- Gained hands-on knowledge in installation of Carestream Dental X-ray systems (CS2100/CS2200) and integration of Molecular Imaging equipment.
- Participated in Radiotherapy, Brachytherapy, and cancer centre equipment management in a specialized oncology environment.
- Contributed to planned preventive maintenance (PPM) of CT and MRI scanners, supporting imaging department continuity.

Biomedical Engineering Intern

Mombasa Hospital · Mombasa, Kenya

September – December 2023

- Covered service and repair of the hospital's medical oxygen manifold system, ensuring uninterrupted gas supply to clinical areas.
- Maintained and serviced the water heating solar system, supporting hospital utilities management.
- Performed service and repair of laboratory medical devices including the MagCore Plus II nucleic acid extraction system.
- Gained foundational clinical engineering experience within a busy private hospital setting

KEY ATTRIBUTES

- Keen attention to detail and policy adherence

- Adaptable to varied working environments
- Effective communicator at all levels
- Strong reasoning and decision-making
- Reliable and collaborative team player
- Skilled at simplifying complex technical ideas

REFEREES

Richard Onyango

Teacher at St Peters Mumias Boys High School
