The Human Resource Manager
Accord Medical Supplies Limited

RE: APPLICATION FOR THE POSITION OF TECHNICAL SALES ENGINEER

Dear Hiring Manager,

I am writing to apply for the position of Technical Sales Engineer at Accord Medical Supplies Limited. I am a Biomedical Engineering graduate from Kenya Medical Training College with hands-on experience in medical equipment service, troubleshooting, and technical support, including diagnostic imaging systems, laboratory equipment, and general biomedical devices.

Through my experience at Kapsabet Referral Hospital, Kenyatta National Hospital, and Scanfield Solutions Ltd, I gained practical skills in preventive maintenance, fault diagnosis, and supporting healthcare technology solutions. I have also developed strong communication, problem-solving, and client engagement skills that enable me to explain technical solutions and support customer needs.

I am interested in combining my biomedical engineering knowledge with technical sales to provide value-driven solutions to healthcare facilities. I believe my technical background, adaptability, and willingness to learn make me a suitable candidate for this role, and I would appreciate the opportunity to contribute to Accord Medical Supplies Limited.

Thank you for your consideration.

Yours faithfully,
Enoch Kipchirchir
