

ALICE MUSYAWA MUTUA

Biomedical Equipment Technologist/ Sales Engineer

Nairobi, Kenya

Phone: +254 721 144 773

Email: lisamutua009@gmail.com

PROFESSIONAL SUMMARY

Biomedical Engineering Technologist with hands-on experience in preventive maintenance, corrective maintenance, installation, calibration, and troubleshooting of biomedical equipment in hospital and clinical settings. Proven ability to support equipment uptime, respond to breakdowns, and ensure compliance with healthcare safety standards. Experienced in working with multidisciplinary teams to maintain reliable healthcare facility operations.

TECHNICAL SKILLS

- Preventive and corrective maintenance of biomedical equipment
- Equipment installation, setup, and commissioning
- Fault diagnosis and troubleshooting (electrical and electronic systems)
- Calibration and performance verification
- Breakdown response and repair
- Equipment inspection and safety compliance
- Maintenance documentation, service logs, and reporting
- User training and technical support
- Basic knowledge of CMMS (Computerized Maintenance Management Systems)

EQUIPMENT EXPERIENCE

- Patient monitors (vital signs monitoring systems)
- Infusion pumps
- Autoclaves and sterilization equipment
- Laboratory diagnostic equipment
- ICU and theatre equipment
- Dialysis machines
- ECG machines
- Oxygen concentrators

MAINTENANCE EXPERIENCE

- Performed scheduled preventive maintenance on biomedical equipment to ensure optimal performance and safety
- Conducted troubleshooting and fault diagnosis to identify and resolve equipment issues
- Responded to equipment breakdowns and supported corrective maintenance activities
- Assisted in installation and commissioning of medical equipment
- Maintained service records, maintenance logs, and technical reports
- Ensured compliance with healthcare regulations and equipment safety standards
- Supported biomedical teams in maintaining equipment uptime across hospital departments

PROFESSIONAL EXPERIENCE
