Eldret, Kenya

EDUCATION

Kenya Medical Training College (KMTTC), Bomet Campus

Certificate in Medical Engineering 2022 – 2024

Deb Mutwot High School

Kenya Certificate of Secondary Education (KCSE)
2015 – 2018

SKILLS

- Medical equipment maintenance and repair
- Preventive maintenance
- Installation and calibration
- Equipment troubleshooting
- Biomedical equipment safety and compliance
- Technical report writing
- Teamwork and communication
- Computer literacy

PERSONAL ATTRIBUTES

- Honest and reliable
- Self-motivated
- Quick learner
- Ability to work under minimal supervision
- Strong problem-solving skills
- Committed to quality and professional growth

LANGUAGES

- English
- Kiswahili

CAREER OBJECTIVE

A dedicated and detail-oriented Medical Engineering graduate with practical experience in maintenance, installation, troubleshooting and repair of medical equipment. Committed to improving healthcare delivery through reliable biomedical technology solutions and excellent technical service.

PRACTICAL ATTACHMENT

Baringo County Referral Hospital

October 2023 – January 2024

- Assisted in maintenance and repair of medical equipment.
- Participated in routine inspections, servicing and performance testing.
- Supported installation, calibration and troubleshooting of medical devices.
- Maintained equipment records and ensured compliance with safety standards.

Baringo County Referral Hospital

April 2024 – June 2024

- Carried out preventive maintenance on medical equipment.
- Diagnosed and rectified equipment faults to minimize downtime.
- Ensured proper functionality and safety of healthcare equipment.
- Worked closely with biomedical engineering staff in equipment management.

KEY COMPETENCIES

- Medical Equipment Maintenance
- Preventive & Corrective Maintenance
- Installation & Calibration
- Fault Diagnosis & Troubleshooting
- Biomedical Equipment Safety
- Technical Documentation
- Computer Applications
- Teamwork & Communication
