PROFESSIONAL SUMMARY

Technical Sales and Medical Imaging Field Service Engineer with hands-on experience supporting sales, installation, commissioning, troubleshooting, and maintenance of advanced medical imaging systems across healthcare facilities in Kenya. Experienced in customer engagement, product demonstrations, lead generation, business development, and relationship management within hospital environments.

Skilled in identifying customer needs, presenting technical solutions, and supporting procurement decisions for diagnostic imaging equipment including CT scanners, MRI systems, X-ray systems, CR/DR systems, ultrasound machines, and C-arm equipment. Strong communicator with the ability to bridge technical and commercial discussions between clinicians, biomedical engineers, radiographers, procurement teams, and hospital management. Passionate about healthcare technology, customer success, and expanding access to quality diagnostic solutions through consultative technical sales.

CORE SALES & TECHNICAL COMPETENCIES

- **Commercial Capabilities:** Technical Sales Presentation, Lead Generation & Pipeline Management, B2B Client Acquisition, Healthcare Account Management, Contract Negotiation, Revenue Generation
 - **Clinical Product Knowledge:** Siemens CT Scanners, MRI Systems, X-Ray, CR/DR Systems, Ultrasound, C-Arm Equipment
 - **Value-Added Engineering:** Application Support, Installation Oversight, Service Level Agreement (SLA) Upselling, Technical Troubleshooting
-

PROFESSIONAL EXPERIENCE

Technical Sales & Service Engineer

Radiotec Africa Limited, Nairobi, Kenya | October 2024 – Present

- Support business development activities by doing marketing identifying sales opportunities for medical imaging equipment and healthcare technology solutions across public and private healthcare facilities.

- Conduct technical presentations, product demonstrations, and customer consultations for biomedical engineers, radiographers, clinicians, and hospital management teams.
- Build and maintain professional relationships with healthcare stakeholders to support customer satisfaction, repeat business, and long-term partnerships.
- Participate in site surveys and technical evaluations for CT, MRI, X-ray, DR, CR, and ultrasound installations.
- Installed and commissioned 5 Siemens CT Scanner systems in Mombasa and Nairobi.
- Participated in installation and deployment of Siemens Emotion 6 CT Scanner systems.
- Performed troubleshooting and repair of Fujifilm and Konica CR systems in multiple healthcare facilities across Kenya.
- Provide user training, technical support, and post-installation customer assistance to ensure optimal equipment utilization.
- Prepare technical reports, maintenance documentation, and recommendations for equipment lifecycle management.
- Collaborate with internal teams and healthcare stakeholders to identify equipment upgrade opportunities and support procurement discussions.

Biomedical Support & Applications Intern

The Mombasa Hospital, Mombasa, Kenya | Jan 2023 – Apr 2023, Aug 2024 – Nov 2024

- Serviced, calibrated, and repaired diverse medical electronics and laboratory equipment assets.
- Performed electrical fault isolation, electronic component troubleshooting, and localized system repairs.
- Maintained infrastructure support systems including hospital refrigeration, ventilation, and air conditioning units.

Biomedical Equipment Trainee

MEWA Hospital, Mombasa, Kenya | January 2022 – April 2022

- Assisted senior engineers with preventive and corrective maintenance across high-volume clinical wards.
- Troubleshot facilities-wide electrical installations, localized wiring faults, and medical device setups.
- Assisted in the onboarding and basic optimization of newly acquired medical hardware.

ACCOMPLISHMENTS & DEPLOYMENTS

- **High-Value System Delivery:** Successfully managed the technical deployment, user onboarding, and clinical sign-off of premium Siemens imaging suites across Kenya.

- **Workflow Optimization:** Resolved critical software and hardware bottlenecks on Konica & Fujifilm CR & DR, CT scan, MRI, X-ray and C-arm systems, restoring interrupted clinical workflows and saving hospital revenue.
 - **Client Enablement Programs:** Developed and executed targeted troubleshooting and equipment care training sessions for radiographers, decreasing user-error service calls.
-

EDUCATION & CERTIFICATIONS

- **Bachelor of Technology in Medical Engineering**
Technical University of Mombasa (2019 – 2024)
 - **Certificate of Achievement – Robotics for Social Change**
American Corner, Mombasa (November 2022) – Focus: Sensor Project Implementation.
 - **Certificate of Achievement – 3D Design Challenge Kenya**
American Corner, Mombasa (November 2022) – Focus: Fabrication Software & 3D Printing.
 - **Certificate in Computer Packages and Networking**
Abaad Institute of Technical Training (May – July 2023)
 - **Kenya Certificate of Secondary Education (B- Plain)**
Ramba Boys High School (2015 – 2018)
-
