The Hiring Manager,
Accord Medical Supplies Ltd.

RE: APPLICATION FOR THE POSITION OF TECHNICAL SALES ENGINEER

Dear Hiring Manager,

I am writing to express my interest in the Technical Sales Engineer position at Accord Medical Supplies Ltd. I am a qualified Biomedical Engineering Technologist with hands-on experience in the installation, maintenance, troubleshooting, and servicing of medical equipment. I am confident that my technical expertise, communication skills, and customer-focused approach make me a strong candidate for this role.

I have gained practical experience through my work in healthcare facilities, where I have been responsible for preventive maintenance, equipment repairs, fault diagnosis, and ensuring medical devices operate safely and efficiently. These responsibilities have strengthened my technical problem-solving abilities and enhanced my understanding of the medical equipment industry.

In addition to my technical background, I possess strong interpersonal and communication skills that enable me to explain technical concepts clearly to clients, understand their needs, and recommend suitable solutions. I am enthusiastic about building lasting customer relationships, supporting product demonstrations, and contributing to business growth through excellent service and technical support.

I am highly motivated, quick to learn new technologies, and able to work independently or as part of a team. I am eager to bring my technical knowledge and commitment to customer satisfaction to Accord Medical Supplies Ltd. and contribute to the company's continued success.

I have attached my curriculum vitae for your consideration and would welcome the opportunity to discuss how my qualifications and experience align with your organization's needs. Thank you for your time and consideration. I look forward to hearing from you.

Yours faithfully,

Joshua Tomno
