CARRER OBJECTIVE

As a motivated and goal-oriented young professional with a Diploma in Biomedical Engineering, I am committed to applying my skills and knowledge in a way that contributes significantly to the success of any organization I am part of. My ultimate goal is to practice my profession and continuously learn, adapt and grow in a dynamic work environment. By doing so, I aim to become an invaluable asset to the organization, helping to drive innovation, enhance efficiency, and achieve its long-term objectives. My dedication to professional development and team collaboration ensures that I will make meaningful contributions and support the organizations vision for growth and success.

EDUCATION

Kenya Medical Training College –Nairobi, Kenya

September 2022-July 2024

Diploma in Biomedical Engineering.

Kenya Medical Training college-Nairobi, Kenya.

September 2020-July 2022

Certificate in Biomedical Engineering.

Machakos School –Machakos, Kenya.

2016-2019

Kenya Certificate of Secondary Education

New light Academy -Nairobi, Kenya

2007-2015

Kenya Certificate of Primary Education.

WORK EXPERIENCE

**The Mater Misericordiae Hospital -Nairobi, Kenya
(INTERNSHIP)**

November 2024-February 2025

- Theatre machines i.e. anesthetic machines, laser machines, and laparoscopic towers.
- Laboratory –microscope, centrifuge, bacteriological incubator and haemcount
- Central sterilizing and supply department –Autoclave

- Renal unit –Dialysis machine, continuous renal replacement therapy machine.
- Workshop procedures –preventive maintenance and inventory procedures.

The Nairobi Hospital (TNH) – Nairobi, Kenya.
(ATTACHMENT)

February 2024-April 2024

- Diagnostic and imaging equipment which includes x-rays, CT scans MRI and ultrasound machines
- Therapeutic and monitoring systems in Theatre, ICU and casualty.
- General anesthesia machines, electrosurgical units, patient monitors.
- Physiotherapy equipment, medical gases and Vacuum systems.
- Theatre machines i.e. anesthetic machines, laser machines, and laparoscopic towers.
- Laboratory –microscope ,centrifuge, bacteriological incubator and haemcount
- Central sterilizing and supply department –Autoclave
- Renal unit –Dialysis machine, continuous renal replacement therapy machine.
- Workshop procedures –preventive maintenance and inventory procedures.

The Veteran Mission Hospitals –Nairobi, Kenya
(ATTACHMENT)

May 2024-July 2024

- Theatre machines i.e. anesthetic machines, laser machines, and laparoscopic towers.
- Laboratory –microscope ,centrifuge, bacteriological incubator and haemcount
- Central sterilizing and supply department –Autoclave
- Renal unit –Dialysis machine, continuous renal replacement therapy machine.
- Workshop procedures –preventive maintenance and inventory procedures.

National Public Health Lab (NPHL) –Nairobi, Kenya.

February 2022-May 2022

(ATTACHMENT)

- Compiled with the rules and regulations of National Public Health Laboratory
- Intelligent, a keen learner and was able to demonstrate the learnt skills with minimal supervision.

1. Calibration of:

- Volume –pipettes
- Temperature-thermometer and conditioned chambers
- Speed/length
- Mass-analytical balance
- Time –stop watch and time

2. Other areas include:

- Equipment maintenance
- Biosafety

KENYATTA NATIONAL HOSPITAL (KNH) –Nairobi, Kenya. September 2021-October 2021

(ATTACHMENT)

- He was found to be disciplined, humble hardworking and ready to learn

During the attachment he had hands on experience in the following areas

1Renal:

- Calibration of dialysis machine

2CCU:

- Dealt with repair and maintenance of ventilators.

3 Wards and clinics:

- Calibration of dental chair and slit lamps
- Repair of blood pressure machines

4 Radiology:

- Repair of x-ray machines, c-arm, CT scan and IA

5Medical gases unit:

- Taking records of oxygen plant.

6A/E:

. Dealt with lab machines such as the chemistry analyzer.

PERSONAL SKILLS AND ATTRIBUTES.

- Good communication skills.
- Self –motivated ,Hardworking individual ,with the ability to multi task
- Enjoy working as a team member as well as individually
- Honest and reliable
- Flexible and able to handle change and interruptions
- Interacts with others in a positive manner
- Good in Time management.

INTRESTES

Calibration

Equipment Maintenance and repair

Research and project
