7th July 2025.

Dear Sir/Madam.

RE: APPLICATION FOR TECHNICAL SUPPORT POSITION.

I am a Kenyan citizen aged 39 years and I wish to apply for a technical support position in your esteemed institution. I hold a Bachelor of Commerce Degree (Accounting Option) from the Kenyatta University main campus. In addition to this I hold a pass CPA section 4 and Executive Certificate of Proficiency in Insurance (ECOP). I am currently working as a Financial advisor at Britam Insurance since September 2025 previously was working at Equity Bank Kenya Limited as a Relationship Manager - SME a position I have held since March 2024 to July 2025. From September 2014. I was supporting the Bank as a Senior Officer Credit Risk Analyst. In this position with high integrity, credit risk analytical skills and team work I have been undertaking SME sector credit appraisal evaluation ensuring that they are complete and consistent with the Banks policies and procedures and as per the client's needs to ensure high quality loan portfolio that meets customer needs.

Previously was working in the same institution as a credit officer, a position I held since October 2012 to September 2014. In this position with my interpersonal skills, I did excellent customer service, clerical responsibilities, assessing and responding to various customer needs. I also managed a good portfolio for the loans I had recommended for financing to clients under my loan portfolio. I have valuable experience in customer service and low risk portfolio management gained at Equity Bank Kenya Limited.

I am a self-driven, focused and hardworking team player with a passion for credit risk analysis. With my training and experience, I am confident that you will find me a suitable candidate for consideration for the position of a Credit Analyst. Attached find my resume for your perusal and consideration. I am looking forward to hear from you soon to organize time for a personal interview.

Thanks in advance.

Yours Faithfully,

Mike Juma Khisa
