Accord Medical Supplies Ltd

Nairobi, Kenya.

RE: APPLICATION FOR THE TECHNICAL SALES ENGINEER POSITION

Dear Sir/Madam,

I am writing to express my strong interest in the Technical Sales Engineer position at Accord Medical Supplies Ltd. As a Medical Engineering Technology graduate with comprehensive hands-on experience across major County Referral Hospitals and a proven track record in field sales, I am uniquely positioned to drive your revenue growth while delivering exceptional technical value to your healthcare clients.

Accord Medical Supplies is well-known for providing top-tier biomedical equipment and hospital infrastructure across Kenya. To successfully represent and sell these complex systems, a representative must speak the language of both clinicians and corporate buyers. My background bridges this gap perfectly. During my medical engineering attachments at Kiambu, Naivasha, and Bungoma County Referral Hospitals, I gained extensive experience installing, calibrating, and maintaining critical care theatre systems, laboratory analyzers, and medical plants. I understand how healthcare machinery operates and how to troubleshoot it effectively

In addition to my technical competencies, I bring strong commercial acumen gained from my role as a Loan Officer at Super Bright Africa Limited and as a Brand Ambassador for Tradco Services. In these roles, I mastered the arts of cold prospecting, managing regional sales pipelines, and converting leads into active accounts under tight deadlines. I am highly comfortable pitching to decision-makers, managing client feedback, and generating the market intelligence reports necessary to maintain a competitive edge.

Furthermore, I possess a valid Class B2 driving licence and have a strong willingness to travel extensively across regional counties. Whether demonstrating equipment to a procurement team in Nairobi or closing a deal with a hospital director in Western Kenya, I am fully prepared to hit the ground running

I welcome the opportunity to discuss how my blend of biomedical engineering expertise and field sales experience can help Accord Medical Supplies exceed its regional sales targets. Thank you for your time and consideration.

Yours faithfully,

Caroline Kihara.
