CAREER OBJECTIVE

To secure a challenging position in Biomedical Engineering where I can apply my academic knowledge, practical experience, and technical skills in medical equipment maintenance and healthcare technology to contribute to quality healthcare services while continuously enhancing my professional growth and expertise in the biomedical field.

PROFESSIONAL PROFILE

Motivated and hardworking Biomedical Engineer with practical exposure in healthcare technology and hospital equipment maintenance gained through industrial attachments. Experienced in medical equipment handling, troubleshooting, preventive maintenance, calibration, and technical support within healthcare environments. Possesses strong teamwork, communication, and problem-solving skills with a passion for medical technology, patient safety, and continuous learning. Able to work independently and collaboratively while maintaining professionalism and high standards in healthcare service delivery.

EDUCATIONAL BACKGROUND

Technical University of Mombasa

Bachelor of Science in Biomedical Engineering

2021 – 2026

St. Theresa's Tartar Girls High School

Kenya Certificate of Secondary Education (KCSE)

2017 – 2020

PROFESSIONAL EXPERIENCE

Biomedical Engineering Attachee

Coast General Teaching and Referral Hospital

May 2025 – August 2025

Roles and Responsibilities

- Assisted in maintenance and troubleshooting of medical equipment and biomedical devices.
- Participated in preventive maintenance activities to ensure proper functioning of equipment.
- Supported calibration and testing of patient monitoring equipment and healthcare devices.
- Followed and observed safety procedures while handling biomedical equipment.
- Worked closely with technical teams during equipment servicing and repair activities.
- Assisted in identifying and documenting equipment faults and maintenance requirements.
- Participated in routine inspection of biomedical equipment to ensure operational efficiency.

Biomedical Engineering Attachee

Ganjoni Hospital

May 2024 – August 2024

Roles and Responsibilities

- Assisted in maintenance and servicing of medical equipment.
- Participated in preventive maintenance programs within the biomedical department.
- Supported testing and calibration activities for healthcare devices.
- Observed safety procedures during equipment handling and operation.
- Worked collaboratively with technical teams during equipment repairs and servicing.
- Prepared reports and documentation related to equipment maintenance activities.

TECHNICAL SKILLS

- Medical equipment handling and maintenance
- Medical equipment troubleshooting
- Preventive maintenance procedures
- Equipment testing and calibration
- Computer literacy
- Report writing and documentation
- Teamwork and communication skills
- Problem-solving skills

PERSONAL ATTRIBUTES

- Strong analytical and critical thinking abilities
- Ability to work effectively in a team environment
- Good interpersonal and communication skills
- Quick learner with adaptability to new environments
- High level of integrity and professionalism
- Good organizational and time management skills
- Self-motivated and result-orient
