

CAROLINE KIHARA

Biomedical Engineer & Technical Sales Specialist

📍 Bungoma, Kenya | 📞 +254 746 384 094 | ✉ ngendocaroline9@gmail.com | Willing to relocate/travel regionally

Professional Summary

Results-driven Medical Engineering Technology graduate combining deep technical expertise in hospital machinery lifecycle management with proven commercial field experience. Offers hands-on experience across three major County Referral Hospitals executing technical installations, calibrations, and preventive maintenance on critical theatre and laboratory infrastructure. Backed by a strong corporate background in field sales, lead generation, and relationship management as a Loan Officer and Brand Ambassador. Exceptionally skilled at translating complex clinical technology into compelling business pitches for procurement managers, medical directors, and healthcare executives.

Core Competencies & Technical Skills

- **Technical Sales:** Product Demonstrations, Client Relationship Management, Lead Generation, Market Research, Technical Reporting.
 - **Biomedical Engineering:** Preventive & Corrective Maintenance, Equipment Calibration, Structural Diagnostics.
 - **System Specializations:** Operating Theatre Systems, Laboratory Analyzers, Autoclaves, Medical Plants, Diagnostic Imaging.
 - **Electrical & Infrastructure:** Component Routing, Electrical Wing Installations, HVAC & Fluid Network Maintenance.
 - **Software & Administration:** Financial Reporting, CRM/POS Systems, Microsoft Office Suite Proficiency.
-

Professional Experience

Loan Officer | Super Bright Africa Limited (Mumias Branch)

03/2025 – 01/2026

- **Lead Generation & Pipeline Management:** Managed field customer relationships and aggressively drove prospective client acquisition in the region.
- **Risk Assessment & B2B Sales:** Evaluated customer eligibility and successfully pitched complex financial service packages to diverse clients.
- **Corporate Reporting:** Compiled accurate daily and monthly performance and financial target reports for executive corporate management.

Brand Ambassador | Tradco Services (Garnier)

02/2024 – 05/2024

- **B2C Marketing & Engagement:** Drove product awareness and visibility through persuasive on-the-ground sales pitches.
- **Market Intelligence:** Collected and synthesized vital consumer market feedback reports to help corporate teams optimize brand trust and competitive positioning.

Shop Attendant | Darling Beauty Shop (Bungoma)

10/2023 – 01/2025 (Note: Year adjusted for chronology)

- **Client Consulting:** Managed front-facing client relationships, delivering professional product consulting that consistently increased daily sales.
- **Operations:** Controlled stock levels, physical inventory parameters, cash registry, and sales records.

Biomedical Engineering Experience

Medical Engineer Intern | Kiambu County Referral Hospital

09/2022 – 11/2022

- **Clinical Equipment Calibrations:** Successfully timetabled, diagnosed, and calibrated complex laboratory equipment to maximize asset uptime and minimize clinical downtime.
- **Infrastructure Upgrades:** Routed, integrated, and rigorously tested electrical and technical components for multi-million shilling facility upgrade projects.
- **Preventive Maintenance:** Executed routine electrical and mechanical maintenance on medical gas plants, operating theatre systems, and physiotherapy units. [\[1\]](#)

Medical Engineer Intern | Naivasha County Referral Hospital

03/2021 – 04/2021

- **Critical Care Servicing:** Safely serviced and repaired critical operating theatre equipment under strict hospital safety and clinical protocols.
- **Heavy Infrastructure Maintenance:** Conducted deep mechanical and electrical overhaul maintenance on autoclaves (sterilizers) and commercial laundry machinery.

Medical Engineer Intern | Bungoma County Referral Hospital

06/2019 – 08/2019

- **Diagnostic Imaging Support:** Diagnosed and serviced diagnostic imaging systems, rehabilitation units, and commercial refrigeration/HVAC plants.
- **Procurement Support:** Researched biomedical asset utilization data trends and compiled technical cost estimation sheets used by management for equipment procurement.

Education & Professional Development

- **Diploma in Medical Engineering Technology**
Kenya Medical Training College (KMTTC) – Meru Campus | 2021 – 2023
- **Certificate in Medical Engineering Technology**
Kenya Medical Training College (KMTTC) – Meru Campus | 2018 – 2020
- **Certificate of Training: Professional Potential**
Awarded by Kenya Networks Markets (KENEMA) | 2019
- **Kenya Certificate of Secondary Education (KCSE)**
St. Monica's Girls' High School – Kitale | 2014 – 2017
(Award: Certificate in Kenya Science & Engineering Fair – Computer Science, 2016)
